

*Hello. My name is Nina Pogorzelski. I am an online graduate student at the School of Medicine and Health Sciences at George Washington University in Washington DC, and I am expected to graduate this summer. I also work in the federal government reviewing clinical research protocols. I purchased my home in the Oaks at Sonterra a few months ago in December 2020. I chose to buy in this neighborhood for probably the same reason most of the neighbors did- fantastic schools, proximity to shopping centers, well-kept, close distance to my job, among many other reasons.*

*As I near the completion of my grad school, I am seeking volunteer opportunities to bring value and camaraderie to the Oaks at Sonterra. While I do not have specific experience in HOA/POAs, I have outside leadership experience and a diverse portfolio of occupations ranging from the police force to legal to audit to medical research that all required some level of knowledge and upkeep of regulation and these could prove helpful in the decision-making process. I am open to helping with the needs and wants of the neighborhood.*
