

I moved into the Oaks at Sonterra last year with my wife and three children and am excited about the direction the neighborhood is moving. I consider myself a representative resident with children, pets, a home office, and a desire to see the community continue to best serve the needs of the community. I believe my experience can be of value to the community and Board of Directors. I have a strong background in finance and administration: I currently serve as Chief Financial Officer for a small but multinational facilities management company, while also running a management consulting company. Previously I spent 21 years as a US Army Officer, an experience that taught me a lot about public sector administration and finances. I have always been able to find cost savings and achieve goals in a realistic, effective manner. Thank you for considering my application.
