

Requirements for Businesses

All businesses must still require that customers, employees and visitors wear face coverings where social distancing is not possible. The order does not require that businesses screen for temperature checks. This substitution was made from yesterday's order.

The City is **not** requiring that businesses conduct temperature checks of all customers but are encouraging business to do so if they have the resources and capacity to implement a practical process.

Please note that Governor Abbott's Plan to Reopen Texas recommends that all businesses and employers conduct temperature checks on all employees and contractors at the start of their shifts where feasible and to send anyone home with a temperature of 100 degrees or higher.
